7220 Brown Road
Oregon, Ohio 43618

Greetings.

With ten weeks experience in my new house, there are some things that I would change if possible. Also, there are a few areas where the workmanship could have been better. In no way do these sentiments apply to anything supplied by your company.

The cabinets and vanities are beautiful, practical and the quality is most noticeable. When we have guests, the majority of the comments have to do with your outstanding workmanship.

Thank you very much.

Harold
