Dear Kurt, Craig, Mike, and All

We just wanted to share with all of you how delighted we are with our kitchen cabinets, fireplace, entertainment center and desk.

The craftsmanship is superb and we appreciate all the planning and designing you did with such careful attention to detail.

I have enclosed a few pictures for your photo album. It has been a pleasure to work with each and everyone of you and will certainly refer others to you.

Sincerely,

  
John and Linda
